We are delighted to invite you to our BCLP Workshop on Written Advocacy in International Arbitration during TLVAW23, on Thursday 2 March 2023.

Written advocacy is an essential element of the arbitration process and writing for an international tribunal can present particular challenges. In this workshop we will be focusing on how to produce effective written submissions that take into account the composition of the tribunal. We will be looking at the role of written advocacy in arbitration, tactics and techniques for producing persuasive written submissions and some of the common mistakes and pitfalls to avoid.

The session will take the form of an interactive workshop and we would encourage everyone to take part and contribute from their own experiences. The workshop's content and format assume good working knowledge of international arbitration practices and will be of most value to senior associates and junior partners who represent clients in arbitral proceedings in Israel and/or abroad.

We hope you can join us! Please RSVP using the button above. Due to the nature of this event there is limited amount of space available and early registration is encouraged.
